Subject: Permission to submit Importer Security Filing (ISF)

Date:

U.S. Customs and Border Protection requires Importers to transmit 10 additional data elements 24 hours prior to cargo loading on board a vessel destined for the U.S. The Importer Security Filing is commonly referred to as the “10+2” rule.

It is the responsibility of the importer to ensure an ISF is filed timely with US Customs. NNR has the capability to assist with the transmission of the ISF data at a cost of per shipment. Please indicate below how you wish to proceed with this U.S. Customs requirement.

\_\_\_\_ We nominate NNR to assist us with the transmission of the ISF data elements.  
(Please provide required data elements at least 48 hours prior to lading.)

\_\_\_\_ We have made other arrangements for the transmission of the ISF data elements.
