

The new NNR purpose built facility is very impressive and will enable us to continue growing and further strengthen our commercial relationships.

Enviropack Limited

enviropack
REUSABLE RECYCLABLE RESPONSIBLE

Whist recently rapidly expanding its E-commerce platform, NNR reached out to several suitable 'famous' brands, including Enviropack Limited; one of Europe's leading suppliers of environmentally friendly packaging, offering an unrivalled range of diverse eco-friendly and compostable, biodegradable, recyclable products from ethical and sustainable sources.

Similar to NNR, Enviropack focuses on quality products, affordable prices and outstanding customer service; customized products, tailored to achieve their customer's ambitions.

Jai Shah, Entrepreneur and MD at Enviropack, explained: "Prior to NNR we were using another company for our fulfilment for a short duration and we experienced some major issues. NNR provided the tailored solution Enviropack required and seemed the right fulfilment partner as NNR has great experience and knowledge in the logistics field. The team are great to work with and always happy to assist, onboarding us swiftly and smoothly. The potential to integrate the new Enviropack e-commerce system with NNR's, offers the opportunity to streamline processes and increase efficiency to cope with higher demand."
