OUR MATCH TONIGHT **NNR**

LEE GRIFFITHS

Welcome to the famous Loftus Road stadium of Queens Park Rangers FC.

I'm so delighted that we can stage this event and we're equally appreciative and grateful to QPR for agreeing to host the event at the stadium. This demonstrates the kindness and community support from QPR and perfectly represents the similarities of our business and the suitability upon which the partnership between QPR and NNR began. With more than a century of history, both organisations share a commitment to maintaining personal relationships with their supporters & partners - all underpinned by a pragmatic approach with sustainable growth plans.

Tonight's match is to support The Tiger Cubs, QPR's football team for young people with Down's syndrome, a truly worthy cause that NNR has supported since our partnership's inception. It is an honour to be able to contribute to such an incredible group of people and their families who overcome considerable challenges on a daily basis. In a world where professional football is often associated with only riches, QPR is an exception, bridging the gap between sport and society. Their Men and Women's team take time for supporters, and their Community Trust is an amazing team of more than 100 superstars who work tirelessly for many local causes.

We hope you enjoy the evening and thank you SOOO much for your support, as well as that of your employers, our key sponsors.

Your help is truly and deeply appreciated.

Lee

All proceeds from the event will go to The Tiger Cubs. If you have any family, friends, or colleagues who would like to contribute, please encourage them to scan the QR code / [click the link here and donate!](#)

WIN! SIGNED MEN AND WOMEN'S SHIRTS WITH NNR

NNR Global Logistics NNR nnrglobal.com/QPR

"AS A LOCAL COMPANY WITH GLOBAL REACH, NNR HAS PASSION, COMMITMENT AND A STRONG RELATIONSHIP WITH THE CLUB."

OUR PARTNERSHIP

NNR

ANDY SINTON

Joining us in 2021, NNR initially began the relationship as our Logistics partner and swiftly proved themselves an invaluable friend to the club.

Aside from a passion and commitment for our relationship, which they have shown often, NNR's expertise in the world of shipping and transport enabled them to provide the club with assistance several times. When our kit deliveries experienced delays and holdups. In the convoluted wake of Brexit and COVID, NNR were able to skilfully help us navigate the issues and ensure that many deliveries reached us for vital deadlines over the last two seasons.

In addition, they have also been a great support with fundraising initiatives and raffles, as well as generous donations to further the fantastic work the Trust do in the local area.

NNR have also been nurturing a relationship with another part of the club dear to the heart of the fans, becoming the front of shirt sponsor to QPR Women FC and their logo can be seen stylishly adorning the home and away kits for a second season in a row. The team at NNR are fiercely passionate supporters of the club, with their Managing Director Lee Griffiths, and UK Sales Manager Gary Strange regularly attending back to back QPR fixtures, cheering on the women, only a day after also watching the men's team play - and often their families with them.

As a local company with global reach, NNR has passion, commitment and a strong relationship with the club - the kind of partner who QPR and our fans can be very proud of.

Andy

"THE PROGRAMME IS DESIGNED TO INTRODUCE YOUNG CHILDREN TO FOOTBALL IN A FUN AND ENJOYABLE WAY, PROMOTING THE BENEFITS OF SPORTS AND PHYSICAL ACTIVITY"

OUR TIGER CUBS

CONNOR BAGENAL

The Tiger Cubs Programme is a football programme designed for children aged 7 and above with Down's Syndrome, run by Queens Park Rangers (QPR) Football Club in the United Kingdom.

The programme is designed to introduce young children to football in a fun and enjoyable way, promoting the benefits of sports and physical activity. The programme has been very successful in introducing young children to football and encouraging them to get involved in physical activity from an early age.

It is structured around a series of fun games and activities, which are designed to develop the children's coordination, balance, and motor skills.

The Tiger Cubs Programme is delivered by highly qualified QPR coaches and aims to promote social, physical, and mental well-being. The Tiger Cubs play in the Middlesex Pan Disability League and enter the DS Active National Cup and other tournaments. The emphasis is on building confidence and having fun, rather than on winning or competition.

Witness one of the amazing training sessions of the Tiger Cubs by viewing [this link](#).

Your generosity can help fund programmes like these and services that make a real difference in the lives of children. [Donate Now!](#)

"NNR'S SUPPORT IS WARMLY FELT BY THE PLAYERS AND STAFF AT THE CLUB AND WE LOOK FORWARD TO THE NEXT TWO SEASONS FURTHER CEMENTING THAT PARTNERSHIP!"

OUR WOMEN'S TEAM

CHARLOTTE EDWARDS

QPR FC Women (previously QPR Ladies) have a strong footballing history, stretching back over 50 years to the teams inception in 1969. A highlight arguably was winning the FA Cup in 1976/77 beating Southampton 1-0 and appearing in the final again the following year...if sadly this time on the wrong side of a resurgent Southampton team.

In more recent times, at the start of the 2019/20 season QPR in the Community Trust took over the running of the Womens set up with the Girls teams following in 2022/23. This has allowed greater access to club resources and support from various internal departments across QPR. We have girls teams from Under 10 through to Under 16, a Development squad and a Senior team.

It is our intention to progress as many players as possible from our junior into senior squads and this has been further strengthened with the Trust's Female College Academy allowing Development squad players more time on the pitch. In the Senior teams second season with the Trust and despite the interruptions to football caused by the pandemic we brought home silverware in the form of the Senior Capital Cup and gained promotion to Tier 4 of the football pyramid - the FA Womens National

League.

It was our first season in the FA WNL that NNR Global Logistics became front of shirt partner for the Womens team and after two successful seasons we are thrilled they have agreed to a further 2 year extension to see us into 2025.

Lee and Gary in particular have been incredibly supportive and visibly invested in the team, making it to as many games as they can. This is warmly felt by the players and staff at the club and we look forward to the next two seasons further cementing that partnership.

Some of our senior and development team players are taking part in todays match, thankyou to Lee for the invite and we look forward to a final run out of the season at Loftus Road wearing the Blue & White Hoops!

Have a great game and thank you all at NNR for your continued support -

You R's!
