A BIG THANK YOU TO OUR AMAZING SPONSORS

OUR MATCH TONIGHT

Welcome to MATRADE Loftus Road - the historic home of Queens Park Rangers and the heart of today's celebration - and thank you for being here.

It's a privilege to return to this iconic stadium for another year of camaraderie and purpose. Our partnership with QPR reflects a shared belief in the power of community- one that champions inclusivity, resilience and meaningful connections. Both NNR and QPR have stood the test of time by valuing relationships over transactions and today's match is a testament to that ethos. This year, we renew our commitment to The Tiger Cubs, QPR's inspiring team for young people with Down's syndrome.

QPR aren't just our partners; they're proof that football at its best isn't about money and glamour. **It's about supporting the communities that support the game, giving back and showing what real teamwork looks like.** QPR's dedication to this cause, through their players, staff and extraordinary Community Trust, sets a standard for how clubs can drive real change.

To our sponsors, partners and everyone here tonight: a massive thank you! Your support fuels these initiatives and proves that collective action can rewrite what's possible. Seeing our NNR team, QPR and all of you come together for The Tiger Cubs - it's what community is all about.

None of this happens without your support and your contributions make a world of difference and we are sincerely grateful for your generosity.

Enjoy the match and let's make this year's impact even greater.

LEE GRIFFITHS

OUR PARTNERSHIP

From a personal stand point, I've had the pleasure of working with and knowing Lee and Gary from NNR from the last 4 seasons and I can honestly say that they, and the whole of NNR, are one of the most fantastic partners we've had in my time at the club.

They have been front of shirt sponsor to our QPR Women's First Team for 4 seasons in a row now, and are frequent attendees at our matches, often the day after attending the men's games! Some of their children have also walked out with the team at games, so they are very much a part of our family.

Once again this year, they are going above and beyond to help raise valuable funds, not only for our beloved Tiger Cubs but also a number of other fantastic initiatives from the QPR Community Trust.

Our club, and our Trust, are so much better for being able to have partners like Lee, Gary and NNR. On behalf of all of us, a huge thank you for all your incredible support.

Hope everyone involved has a great time tonight!

At Planning for the Best, we believe in backing ambition. We're proud to support NNR and the QPR Tiger Cubs charity event.

We are business growth specialists working with businesses based in Park Royal, and we're just a kick away from Loftus Road. We are honoured to be part of this event that champions building our community through sport.

Let's plan for the best today and every match day.

Tony Mulvahil
Director

“Since the inception of our partnership, NNR Global Logistics have remained devoted supporters of the QPR Tiger Cubs – our football team for people with Down’s Syndrome.”

OUR TIGER CUBS

CHLOE COOPER

INCLUSIVE PROJECTS OFFICER

Now in its 18th year, the Tiger Cubs project continues to offer an inclusive environment that supports the physical, social and emotional development of its participants.

Last summer, NNR’s charity match at MATRADE Loftus Road Stadium raised an incredible £8,000 towards the vital running costs of the programme.

Together with the annual Tiger Feet Walk, NNR’s sponsorship and ongoing fundraising play a crucial role in sustaining the future of the Tiger Cubs, and the QPR family would like to extend sincere thanks to everyone supporting today’s fundraiser at Loftus Road.

This year, the annual Tiger Feet walk - celebrating its 15th year - raised a record-breaking amount with over 65 walkers (including the NNR team) raising over £30,000 for the Tiger Cubs programme.

Chloe Cooper, QPR Trust’s Inclusive Projects Officer, said: “NNR understand

what family and community engagement means here at QPR.”

“Whether it’s through their involvement with our women’s first team or the Tiger Cubs, they continue to play an active role in helping keep essential projects alive and thriving within our local community.”

“We are proud to be one of the largest Down Syndrome football providers in the country, delivering three sessions each week across west and north-west London.”

“But just as importantly, we provide key support for families and carers. This all comes at a cost, and partnerships like the one we have with NNR are a lifeline for us.”

A huge thank you to NNR and their families for completing Tiger Feet 15 with us - and to the whole NNR team for continuing to be such passionate advocates for the work we do at QPR in the Community Trust.”

QPR WOMEN'S TEAM

WILLIAM LAMBERT

**ASSISTANT ACADEMY DIRECTOR &
HEAD OF WOMEN'S OPERATIONS**

QPR FC Women have come to the end of a strong league campaign, which ended with the team in 5th position, behind a highly competitive leading pack of Real Bedford, Norwich City, Chatham Town and London Bee's. This included enjoyable runs in The FA and Women's National League Cups, despite an early exit in the Capital Cup to Tottenham Hotspur U21's. This was the first year that the Women's department was aligned under the umbrella of the Club, which welcomed some exciting changes. New Head Coach, Danny Harrigan, took the reigns in July, and looks forward to a second season in charge. There were 11 new faces through the summer, which welcomed some much-needed experience and depth to the squad. Whilst Izzy Owen and Annie Dzyadyk made the step up from the Reserves programme, showing the Club's belief and opportunities within its pathway for younger players.

NNR Global Logistics have partnered as front of shirt sponsor for the women's

team for 4 seasons, whilst Women's football in the UK goes from strength to strength. QPR is a reflection of the modernisation and professionalism of Women's football throughout the football pyramid. Teams are now securing significant investment, and this is having a big effect on the profile of the game.

QPR FC Women now run a Hybrid training programme, that offers sessions three times per week, at the Club's new multi-million pound training ground facility at Heston, the TSG Elite Training and Performance Centre. The team receives enhanced and expert Medical and Performance support to excel and thrive in a high-performance fuelled environment, providing maximal opportunities to its players, anticipating a transition in to the professional model, in years to come.

Once again, from everyone at QPR FC Women, a huge thankyou to NNR for their continued support. Have a good match this evening and COME ON YOU NNR'ssss!
